Bachelor of Engineering – Computer Science & Engineering Mangalore Institute of Technology &Engineering	2022-Present	CGPA:8.72
Pre-University – Science (12th) Poornaprajna PU College, Udupi	2021-2022	Percentage:93.5
Secondary School (SSLC) St Cecily's High School	2019-2020	Percentage:91.8

SKILLS

- Languages** : C, Java, Python
- Interface** : HTML, CSS, JavaScript, React
- Database** : MySQL
- Tools** : Visual Studio Code, Figma, Canva, XAMPP
- Technologies** : Web Development, Robotic Process Automation, UI/UX

PROJECTS

- Developed a personality prediction system via curriculum vitae analysis using machine learning. Extracted key features from resumes and mapped them to Big Five personality traits to assist in candidate evaluation.
- Created a basic food app design using Figma, focusing on a clean interface with categorized menu options, promotional banners, and user-friendly navigation for enhanced user experience.

COURSES & WORKSHOPS

- RPA Developer Foundation – *UiPath Academy* (2023)
- Internet of Things (IoT) – *Infosys* (2021)

EXTRACURRICULAR & HOBBIES

- Taught basic literacy and numeracy to children ages 3–6 in a community-based Anganwadi school.
- Interested in learning about the latest technologies.
- Curious about exploring new and emerging brands and trends.

SOFT SKILLS

- Creative writing
- Leadership
- Communication
- Multi-Tasking
- Adaptability
- Team Player
- Time Management
